I am an aspiring UI/UX Designer with impeccable attention to detail. I have a total of 4 years of experience, ranging from graphic design, wireframing, webflow development and most importantly, UI/UX designing.

My primary focus throughout, has been to create -

- Data-driven UI design
- Adaptable design systems across standalone & web-based
- Responsive, multi-screen UI design

Experience

- Design Lead September 2020 - present
Vikn Codes LLP - Govt. Cyberpark, Calicut
- UI/UX & Graphic Designer, March 2019 - March 2020
Cloudberry Solutions - Manjeri

Notable Work

Viknbooks - A comprehensive web based ERP Software

- Designed Web & Mobile Application
- Designed 4 add on applications that can integrate with viknbooks.
- Sole UI/UX Designer of the product.
- Participated in the research and digital marketing of the product.

ViknERP - A comprehensive offline ERP Software

- Designed Desktop & Mobile Application
- Sole UI/UX Designer of the product.
- Designed 3 add on applications that can integrate with viknERP.
- Participated in the research and digital marketing of the product.

Web + Mobile & Graphic Designs

- Worked on more than 6 website designs.
- Created More than 5 mobile app UI designs.
- lead 2 graphic designers to create marketing & Branding materials.
- Experimented with no-code Development platform, webflow.
